

FERTILIZERS!!

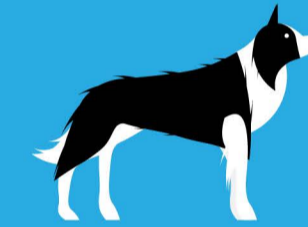

CSC

**DON'T BE LIKE
STORMWATER STAN!
MORE ISN'T BETTER!!!**

Just one pound of fertilizer over-application on the average lawn can equate to 34.2 lbs. of excess algae growth in streams and lakes.

34.2 lbs =

Average Border Collie (Jimmy)

Algae looks and smells much worse than Jimmy. It also degrades water quality and can be harmful to public health (especially Jimmy's).
