Mark your preference as an election judge for the Mesa County Elections Department:

___ Engage the public face to face and/or on the telephone OR

___ Work behind the scenes with paperwork, data entry and/or ballot processing

Next Page

Please use the *Elections Time Commitment and Job Description for Election Judges* to rank your three preferred election judge assignments for which you are available to perform during the Election.

1. _____
2. _____
3. _____

What skill level do you have using PC computers? There are several positions that require data entry, looking at a computer monitor for long periods of time, etc.

___ Excellent keyboarding skills and comfort viewing images on monitors

___ Average keyboarding skills and comfort viewing images on monitors

___ Prefer to not work on a computer

Working as an election judge is a very important commitment. The days and hours depend on your assignment for the election. When considering working as an election judge, there can be long hours and no set schedules. Do you have any conflicts with the time commitment?

Describe your professional work history, including your experience in office environments where you engaged the public, worked on a team, and/or processed data entry forms using computers and scanners.
