1. Utilize the drop-down menu to select "Planning Commission Hearing Minutes"
2. It is easiest to search for a year rather than an exact date. For instance, enter 01/01/2023 to 12/31/2023 in the From Date and To Date fields.
3. If you don't know the date, you may also search by record type. As file naming convention has changed over the years, we suggest searching for a general term in the Plan Comm Doc Type field. For example: if you would like to see Planning Commission minutes from November 16, 2023, enter *minutes* in the field. An asterisks (*) is used as a "wild card" and helps pull all records with "minutes" in the title.
4. Click the Search button. The results will populate to the right of the search fields.
5. Click the [🔗](#) to view the report.
6. You may click on the header of each result column to sort by ascending or descending.
